# COMPANY PROFILE

# ABOUT COMPANY

At **ARZAQ EXPRESS INDUSTRIAL Est.**, located in Dammam, we are recognized for delivering a wide range of high-quality industrial services designed to meet the demanding needs of modern industries.

Our areas of expertise span across mechanical engineering, civil construction, welding and fabrication, electrical systems, and instrumentation services. We serve clients from various sectors, including oil and gas, petrochemicals, power plants, manufacturing units, and infrastructure projects.

Our reputation is built on a solid foundation of quality, safety, and innovation. Every project we undertake reflects our commitment to excellence. We adhere to strict international standards, utilize advanced technology and equipment, and deploy a highly skilled workforce to ensure every job is done right the first time.

What sets us apart is our customer-centric approach. We collaborate closely with clients to understand their challenges and requirements, offering tailor-made solutions that improve performance, extend equipment life, and optimize operational efficiency. Whether it's the precision of our electrical and instrumentation installations, the strength and durability of our welding work, or the robust engineering behind our mechanical and civil services, we ensure reliability and long-term value in everything we do.

Our ultimate goal is to be a trusted partner in our clients' success, supporting them with dependable service, technical excellence, and unmatched professionalism throughout every stage of their projects.

# CORE VALUES

- ◆ **Quality Excellence:** We are committed to delivering services and solutions that meet the highest standards of quality and performance.
- ◆ **Customer Focus:** Our clients are at the center of everything we do. We listen, understand, and tailor our services to meet their specific needs.
- ◆ **Safety First:** We maintain strict safety protocols to protect our team, our clients, and the environment in every project we undertake.
- ◆ **Integrity and Transparency:** We operate with honesty, accountability, and clear communication, building trust with our clients and partners.
- ◆ **Innovation and Technology:** We embrace modern technologies and innovative techniques to improve efficiency and stay ahead in the industrial sector.
- ◆ **Teamwork and Collaboration:** We believe in the power of collaboration—working together internally and with our clients to achieve shared success.
- ◆ **Reliability and Commitment:** We stand by our promises and ensure timely delivery, consistent performance, and dependable support.
- ◆ **Sustainability and Responsibility:** We are committed to responsible practices that support environmental protection and sustainable growth.

# MISSION & VISION

## *Our Mission*

To deliver exceptional industrial services in mechanical, civil, welding, electrical, and instrumentation sectors by combining technical expertise, quality workmanship, and a strong commitment to safety and client satisfaction. We strive to be a trusted partner to our clients by providing innovative, reliable, and cost-effective solutions that enhance productivity and operational efficiency.

## *Our Vision*

To become a leading industrial service provider in Jubail and across the region, recognized for our excellence in execution, uncompromising quality, and dedication to innovation and sustainability. We aim to continually grow by building long-term relationships with clients and contributing positively to the industries and communities we serve.

# OUR SERVICES

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we provide a comprehensive range of industrial services designed to support the diverse and critical needs of our clients in the industrial, petrochemical, power, and construction sectors. Each service is delivered with precision, quality, and a commitment to safety.

- **Mechanical Work**
- **Welding Solution**
- **Generator repair & Maintenance**
- **Forklift Repair & Maintenance**
- **FRP/RTR Services**
- **HDPE/CPVC/PVC**
- **Civil Work**
- **Decor Works**
- **Welding Services**
- **Electrical & Instrumentation**
- **Electric Motor Winding**
- **Industrial Materials**
- **Waterproofing, epoxy coating Fencing work**
- **Asphalt work**
- **Centrifugal pump Maintenance**
- **De-Watering pump rental and sales**

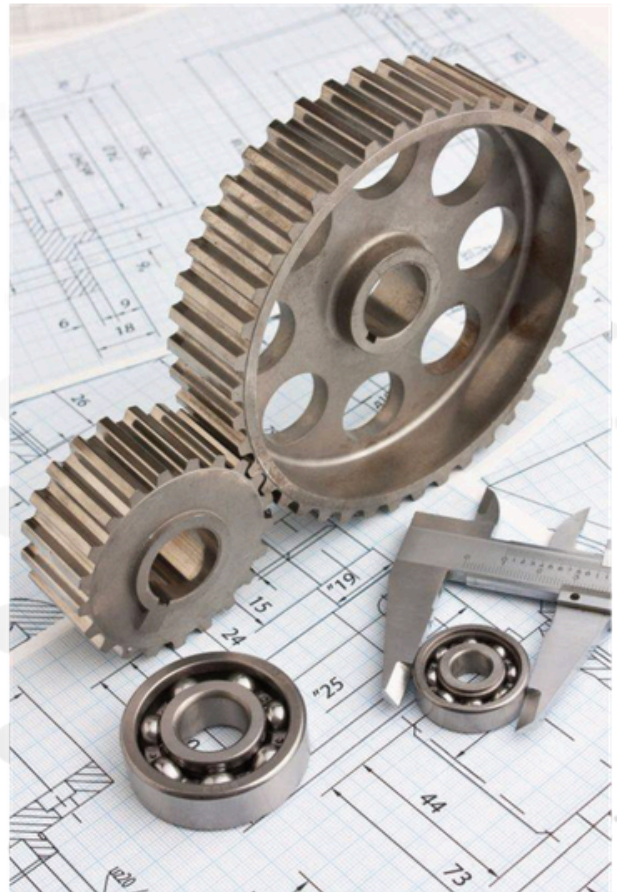

# Mechanical WORK

We are specialized in supply of fitting, flanges, fasteners, tools and many more mechanical products of industrial use. Our aim is to provide specialized mechanical engineering services to all types of industry throughout Saudi Arabia

We have been acknowledged as a leading specialist in mechanical repair techniques. Services offered by pre-fabrication and installation of steel structures, installation of piping, tanks and silos, demolition works, installation of stationary and rotating equipment.

We specialize in delivering mechanical solutions that keep your equipment and operations running smoothly. Our services include:

- ✚ **Installation, alignment, and commissioning of industrial machinery**
- ✚ **Overhauling of pumps, compressors, and gearboxes**
- ✚ **Preventive and corrective maintenance**
- ✚ **Piping fabrication and installation**
- ✚ **Troubleshooting of mechanical systems**

# WELDING SOLUTION

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we provide comprehensive welding solutions designed to meet the diverse needs of industrial and commercial clients. Our welding services are executed by certified professionals who follow international welding codes and standards, ensuring safety, durability, and structural integrity in every job.

We offer a wide range of welding techniques and services for various applications, including fabrication, repair, maintenance, and on-site construction support. Our welders are highly trained in handling different metals and materials, including carbon steel, stainless steel, aluminum, and special alloys.

## Welding Techniques We Offer

- Shielded Metal Arc Welding (SMAW)
- Gas Metal Arc Welding (GMAW/MIG)
- Gas Tungsten Arc Welding (GTAW/TIG)
- Flux-Cored Arc Welding (FCAW)
- Submerged Arc Welding (SAW)

## Applications of Our Welding Services

- Structural Welding
- Pipeline Welding
- Tank & Vessel Fabrication
- Maintenance & Repair
- Custom Fabrication

Whether it's a one-time project or a long-term contract, ARZAQ EXPRESS, delivers welding solutions that are efficient, reliable, and built to last. Our goal is to provide you with strong, durable joints and structures that withstand the most demanding environments.

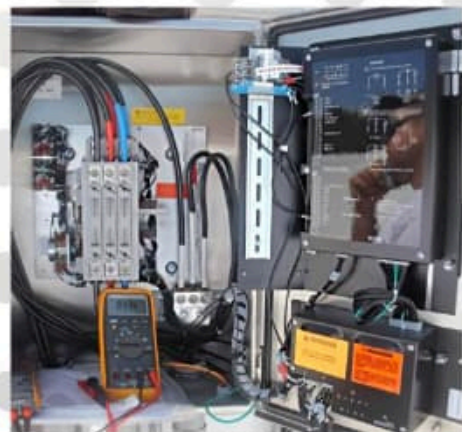

# GENERATOR REPAIR & MAINTENANCE

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we understand the critical role generators play in maintaining uninterrupted power supply for industrial operations, commercial facilities, and emergency backup systems. Our comprehensive Generator Repair & Maintenance services are designed to ensure optimal performance, maximum efficiency, and long-term reliability of your power systems.

We offer complete solutions for diesel and gas-powered generators of all makes and models. Whether it's a minor repair or a full overhaul, our skilled technicians and engineers are trained to diagnose issues quickly and provide effective, lasting repairs.

- Our Generator Services Include:
- Routine Preventive Maintenance
- Emergency Repair Services
- Engine Overhaul & Component Repair
- Electrical Diagnostics & Repairs
- Generator Reconditioning & Upgrades

A well-maintained generator is not just an asset-it's a lifeline during power outages and critical operations. With ARZAQ EXPRESS., you can rest assured that your generator will perform efficiently whenever you need it most.

# FORKLIFT REPAIR & MAINTENANCE

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we provide expert forklift repair and maintenance services to help your equipment perform at its best, reduce downtime, and extend its operational life. Our highly skilled technicians ensure that every forklift-whether diesel, electric, or LPG-is maintained to meet the highest industry standards.

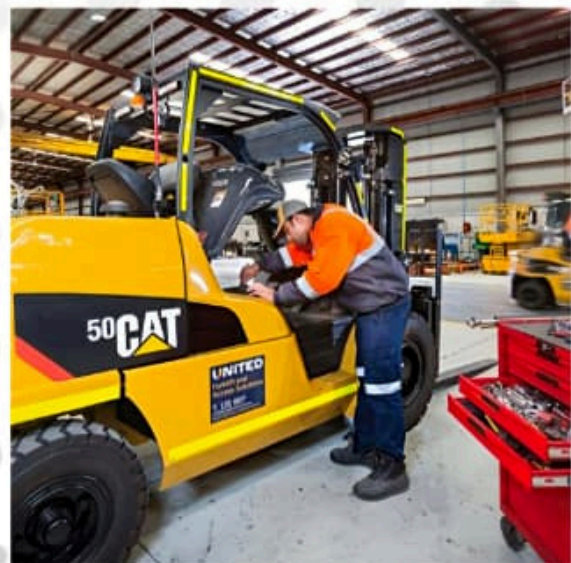

## Why Forklift Maintenance Matters

Forklifts play a crucial role in the daily operations of warehouses, logistics centers, industrial plants, and construction sites. Routine maintenance and timely repairs are essential to:

- Ensure safety of operators and materials*
- Prevent costly breakdowns and delays*
- Maintain efficiency in material handling operations*
- Extend the life of your equipment*
- Comply with safety and inspection regulations*

## Our Forklift Services Include

- Preventive Maintenance Programs*
- Forklift Repair Services*
- Battery and Charging System Services*
- On-Site Service and Emergency Support*
- Forklift Inspection & Certification*

# FRP/RTR SERVICES

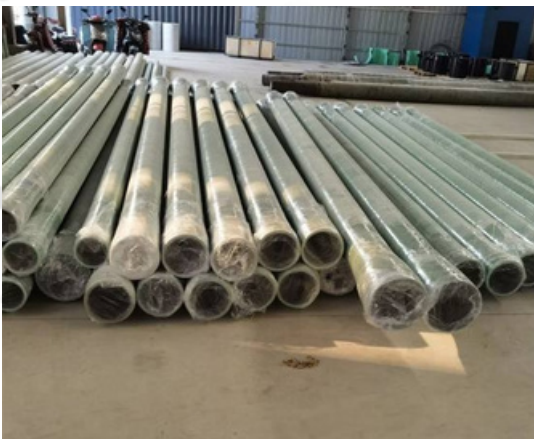

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we provide specialized FRP (Fiber Reinforced Plastic) and RTR (Reinforced Thermosetting Resin) services for industrial applications that demand high strength, chemical resistance, and long-term durability. These materials offer outstanding performance in harsh environments, making them ideal for use in chemical plants, refineries, water treatment facilities, and marine industries.

## Our Expertise in FRP/RTR Services

Our dedicated team of technicians and engineers brings years of experience in design, fabrication, installation, inspection, and maintenance of FRP/RTR systems. We follow international standards and industry best practices to ensure every component meets your operational requirements and safety standards.

- **Scope of FRP/RTR Services**
- **Custom Fabrication**
- **FRP/RTR Piping Systems**
- **Installation Services**
- **Inspection & Testing**
- **Maintenance & Repair**
- **Coating & Lining Services**

Whether you need a new FRP installation, a custom-engineered solution, or urgent repairs, **ARZAQ EXPRESS INDUSTRIAL Est.**, is your trusted partner for reliable, cost-effective, and the high performance FRP/RTR services.

# HDPE/CPVC/PVC

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we offer specialized piping solutions using HDPE, CPVC, and PVC materials to meet the growing demands of industries that require durable, corrosion-resistant, and cost-effective piping systems. These materials are widely used across sectors including water treatment, chemical processing, construction, utilities, and more due to their reliability, flexibility, and long service life.

## 1. High-Density Polyethylene (HDPE) Piping

HDPE piping systems are known for their strength, flexibility, and resistance to chemicals and corrosion, making them ideal for a wide range of industrial applications.

## 2. Chlorinated Polyvinyl Chloride (CPVC) Piping

CPVC piping is designed to handle higher temperatures and pressures, making it suitable for hot water and chemical applications. It provides excellent resistance to acids, alkalis, and other aggressive fluids.

## 3. Polyvinyl Chloride (PVC) Piping

PVC piping systems are lightweight, easy to install, and cost-effective. They are commonly used for non-pressurized and low-pressure applications, especially in water distribution and drainage systems.

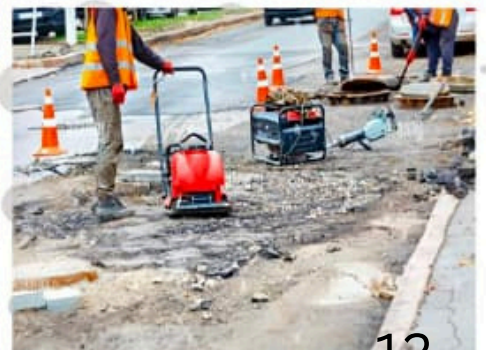

# CIVIL WORKS

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we offer comprehensive civil work solutions tailored to meet the complex requirements of industrial, commercial, and infrastructure projects. Our civil engineering team brings extensive experience, technical know-how, and a strong commitment to safety and quality in every phase of construction and maintenance.

We understand the demands of working in industrial environments, and we deliver civil works that are durable, precise, and compliant with international standards.

- Scope of Our Civil Work Services
- Site Preparation and Earthworks
- Concrete Works
- Industrial Infrastructure Construction
- Masonry and Block Work
- Roadworks and Pavement
- Maintenance & Repair Works

# DECOR WORKS

Our Decor Works division is dedicated to transforming interior and exterior spaces with functional, aesthetic, and custom-designed finishes. We deliver high-quality decorative solutions for residential, commercial, and industrial environments with a focus on craftsmanship, style, and durability.

## Scope of Our Decor Works Services

Our decor works are tailored to meet the specific needs of each client—whether it's a modern office, a luxury residence, or a commercial facility. We blend artistic creativity with technical precision, offering full-service decorative construction and finishing solutions.

- 1. Interior Fit-Outs***
- 2. Decorative Painting & Wall Finishes***
- 3. Custom Carpentry & Joinery***
- 4. Ceiling and Lighting Design***
- 5. Exterior Decor & Facade Enhancements***
- 6. Office & Commercial Space Renovation***

We align our work with your brand's personality and your operational needs, creating spaces that inspire and perform.

# ELECTRICAL & INSTRUMENTATION

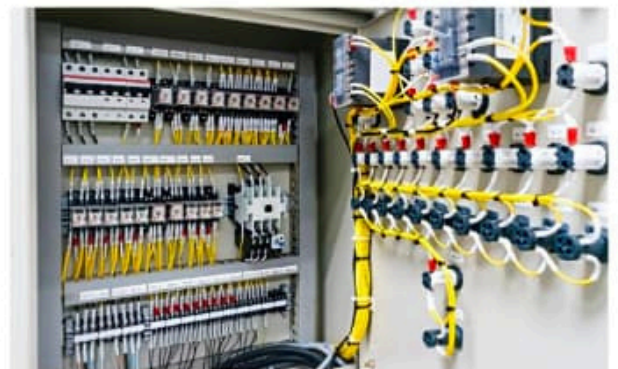

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we provide specialized Electrical and Instrumentation (E&I) services tailored for the industrial, petrochemical, power, and infrastructure sectors. Our highly skilled team of engineers and technicians delivers safe, precise, and high-performance solutions that support operational excellence and compliance with international standards.

## Complete Electrical Services

Our electrical division offers a full spectrum of services that cover design, installation, testing, and maintenance of industrial electrical systems.

### Our Electrical Services Include:

1. *LV & MV Power Distribution Systems*
2. *Cable Laying, Glanding & Termination*
3. *Panel Fabrication & Installation*
4. *Earthing & Lightning Protection Systems*
5. *Lighting Systems*
6. *Backup Power Systems*

## Expert Instrumentation Services

Our instrumentation solutions are designed to ensure accuracy, process control, and system reliability in highly demanding industrial environments.

### Our Instrumentation Services Include:

1. *Installation of Field Instruments*
2. *Calibration & Testing*
3. *Loop Checking & Functional Testing*
4. *Control Systems Integration*
5. *Signal Cabling & Termination*
6. *Instrument Tubing and Supports*

# ELECTRIC MOTOR WINDING

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we specialize in electric motor winding services that restore performance, extend motor life, and reduce costly downtime. Our experienced technicians use advanced tools, quality materials, and precise techniques to ensure that every motor is rewound to meet or exceed OEM standards.

## Our Capabilities in Motor Winding

We offer motor winding solutions for a variety of electric motors, including:

*AC Motors (Single-phase and Three-phase)*

*DC Motors*

*Synchronous and Asynchronous Motors*

*High-voltage and Low-voltage Motors*

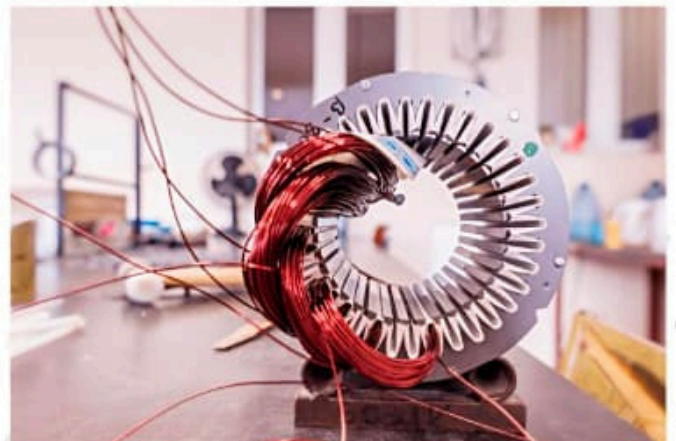

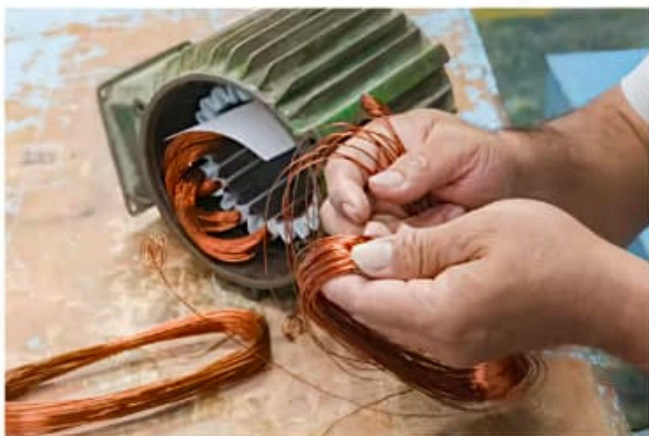

*Explosion-proof and Flame-proof Motors*

*Servo Motors and Slip Ring Motors*

## Scope of Electric Motor Winding Services

Our instrumentation solutions are designed to ensure accuracy, process control, and system reliability in highly demanding industrial environments.

1. *Initial Inspection & Testing*
2. *Winding Removal & Cleaning*
3. *Winding Rewiring & Replacement*
4. *Insulation & Varnishing*
5. *Reassembly & Final Testing*

# INDUSTRIAL MATERIALS

We understand that high-quality materials are the backbone of successful industrial operations. That's why we offer a reliable and efficient industrial materials supply service, catering to a wide range of sectors including oil & gas, petrochemicals, construction, energy, manufacturing, and marine industries. Our goal is to provide top-grade materials that meet the highest industry standards—delivered on time, every time.

## Wide Range of Industrial Materials

We maintain a well-managed inventory of trusted, high-performance materials, sourced from globally recognized manufacturers. Our offerings include:

1. Pipes, Tubes & Fittings
2. Valves & Flow Control Equipment
3. Fasteners & Hardware
4. Gaskets & Sealing Products
5. Electrical Materials
6. Instrumentation Materials
7. Construction & Civil Materials
8. Safety Equipment (PPE)

Whether you're working on a large-scale construction project or day-to-day maintenance operations, **ARZAQ EXPRESS INDUSTRIAL Est.**, is your trusted partner for industrial material supply. We simplify the procurement process so you can focus on what matters—your operations and productivity.

# WATERPROOFING, EPOXY Coating & FENCING WORK

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we offer specialized services in waterproofing, epoxy coating, and fencing work designed to protect, enhance, and secure your industrial and commercial facilities. With our technical expertise and commitment to using premium-grade materials, we deliver long-lasting, cost-effective solutions tailored to meet your site's specific needs.

## Waterproofing Services

Our waterproofing solutions are engineered to provide complete protection against water infiltration, structural damage, and moisture-related deterioration. We serve both above-ground and below-ground structures, ensuring durability and resistance in even the harshest environmental conditions.

## Epoxy Coating Services

We offer professional epoxy coating services that provide a seamless, durable, and chemical-resistant finish for concrete and metal surfaces. Ideal for industrial facilities, warehouses, workshops, and heavy traffic areas, our epoxy coatings improve both functionality and aesthetics.

## Fencing Work

We also provide custom fencing solutions to enhance site security, safety, and access control. Whether you need fencing for an industrial site, construction zone, or boundary demarcation, we deliver strong, reliable structures that last.

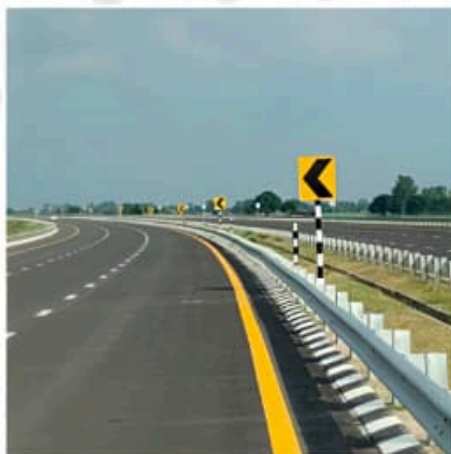

# ASPHALT WORKS

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we deliver reliable and durable asphalt solutions for a wide range of industrial, commercial, and infrastructure projects. Our asphalt work is known for its quality, longevity, and adherence to safety and engineering standards. Whether it's a new road construction or the resurfacing of an industrial facility, we bring precision, expertise, and top-grade materials to every project.

## Comprehensive Asphalt Services We Offer

- 1. Road Construction & Paving**
- 2. Asphalt Resurfacing & Overlay**
- 3. Asphalt Repair & Patching**
- 4. Driveway & Parking Lot Installation**
- 5. Road Marking & Surface Finishing**

From initial site preparation to final surface coating, **ARZAQ EXPRESS INDUSTRIAL Est.**, is your trusted partner for professional asphalt services in Jubail and across the region. We build surfaces that are not only functional and durable, but also designed to endure the test of time and traffic.

# DE-WATERING PUMP RENTAL AND SALES

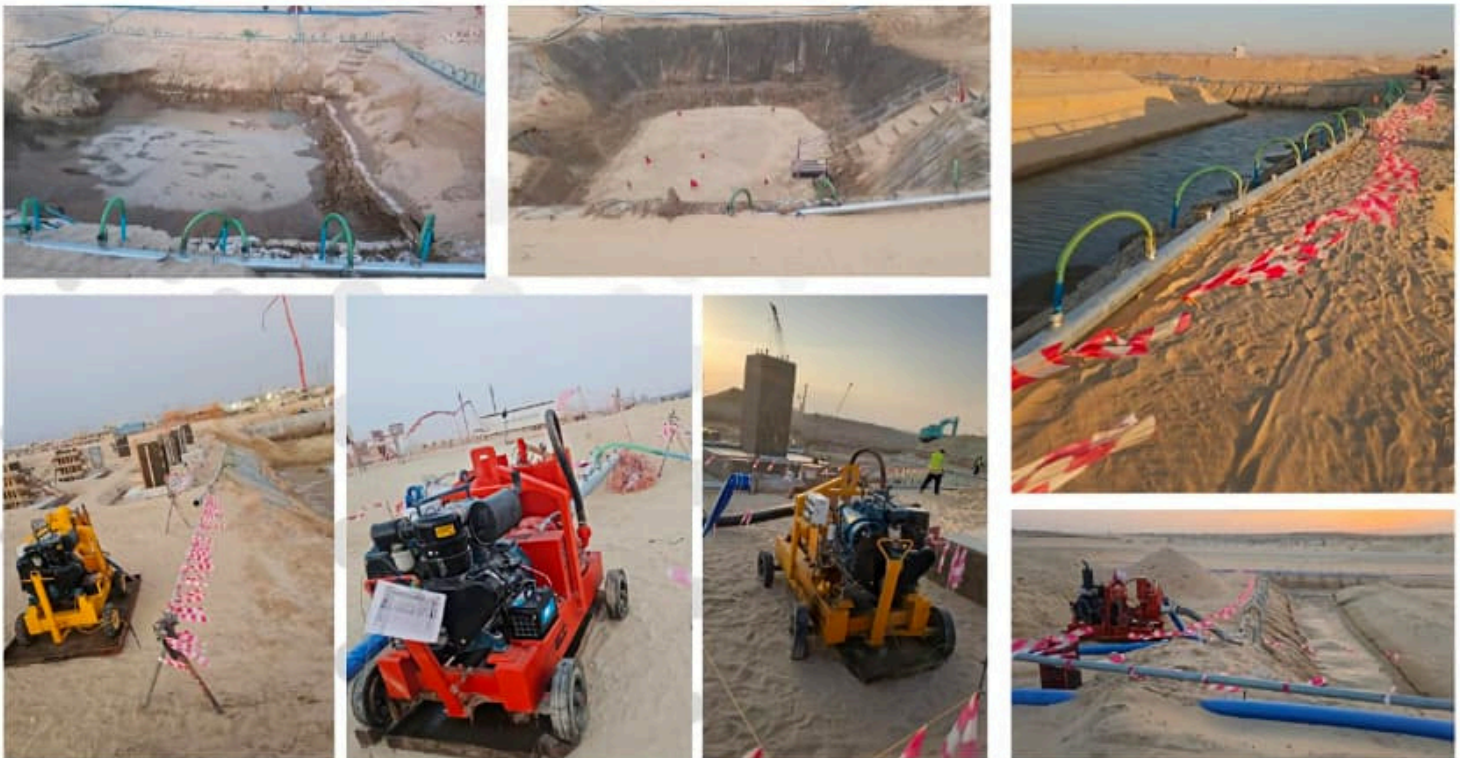

At **ARZAQ EXPRESS INDUSTRIAL Est.**, we are proud to offer comprehensive de-watering pump rental and sales services to support a wide range of industries, including construction, mining, oil and gas, industrial plants, and municipal projects. Our focus is to provide efficient, reliable, and cost-effective de-watering solutions that keep your projects running smoothly, even under the toughest conditions.

## Our De-Watering Solutions

1. *Construction site de-watering*
2. *Flood control and emergency response*
3. *Mine site drainage*
4. *Industrial water transfer*
5. *Pipeline testing and cleaning*
6. *Municipal sewage and wastewater bypass*

Our pumps are engineered for high efficiency, durability, and easy operation, ensuring that water removal is never a bottleneck in your operations.

# DEMOLITION WORK

**Abdulwahab Awad Hassan Aaiysh Est.**, deliver safe, efficient, and professional demolition services for residential, commercial, and industrial projects across the Eastern Province. With a strong commitment to safety regulations and environmental compliance, we handle complex structural tear-downs and site clearance from start to finish.

## Core Demolition Services

- **Structural & Industrial Demolition:**

Safe and controlled demolition of commercial buildings, warehouses, and industrial structures. Full or partial building dismantling utilizing advanced machinery and techniques.

- **Interior & Selective Dismantling:**

Precision interior strip-outs for offices, retail spaces, and commercial facilities. Selective demolition to remove specific structural sections while preserving surrounding areas.

- **Concrete Breaking & Cutting:**

Heavy concrete breaking, cutting, and foundation removal. Specialized excavation and leveling support for cleared sites.

- **Site Clearance & Debris Management**

Complete site clean-up and hazardous material management support. Efficient loading, transportation, and eco-friendly debris disposal in compliance with municipal standards.

# Thank you
